Humber Street Gallery

Humber Street Gallery is a contemporary art gallery. We display pieces of art made by artists of our time – typically from the last 50 years. We work with artists to create new exhibitions and deliver events that explore the way we live today. We love welcoming families, children and young people to find out more about art, take part in activities or sit in our cafe and people-watch on Humber Street.

Enjoy Civic Life, Leo Fitzmaurice

Enjoy Civic Life is an exhibition of new work by artist Leo Fitzmaurice. The artist alters and adapts objects such as logos and signs to make us look at them in different ways. These activities are designed to let you explore your world in creative ways just like Leo Fitzmaurice.

The Herd

The Herd have created this resource for young children and their families. We are a company based in Hull, we bring people together in playful spaces to share stories. We believe that children, just like artists, see the world in unique ways that allow adults to view their own worlds differently. We hope you enjoy playing together.

Resources

You're going to use your mirror to look at the world in different ways, like Leo Fitzmaurice.

What you'll need: • Mirror • Pencil

Please don't be a litter bug, make sure you recycle these sheets.

Share

We'd love to find out how you've got creative with this resource.
